BOOKS

**Francis Bacon
in Your Blood**

BY MICHAEL PEPIATT

A very absorbing book about an artist. But this is more than that. There are some special ingredients here. Michael Peppiatt is

a very good writer, and Francis Bacon was one of the most intriguing artists of the last century.

DVD/BLU-RAY

Jane Got a Gun

CERTIFICATE 15, 98 MINS

Natalie Portman goes 'High Noon' in a female-centric if never actually feminist Western that's been savaged for what it isn't, rather than what it is – pretty fine.
